

After what feels like a very long January it is now time to release the colour of February, which without a doubt has to be a nice deep vivid red. Valentine's Day is all about the red roses and at Maples Flowers we are proud to be working with the world's best suppliers directly in Holland to make sure you receive the best quality roses and flowers to show your loved one just how much you care.

Of course it's also a very busy time for us at Maples Flowers as we begin to head into another year of fairytale weddings. We are currently busy meeting with happy couples who are planning thier special day and helping to turn the dreams into reality.

As we head through February the vibrant colours of narture really begin to start showing as we head towards spring. Thank you for taking the time to read our Flowers magazine and make sure you come and see us this February at Maples Flowers

CREATIVE GREENERY

How about adding some foliage to your wedding or event?

We have foliage columns which are available to hire which really help bring a room alive. They are free standing with different heights available.

As well as adding to a room they can also help hide any unsightly features of a room that you may not like.

Hire just one or a few of them!

Add Some Flowers For Colour

Each coloum comes filled with an abundance of greenery which looks stunning on it's own.

However if you are looking to add some colour we can always provide an additional quote to add fresh flowers or dried pampas to the colums to really create a wow factor for your wedding day or event.

FEATURED WEDDING

Every month we like to showcase one of our happy couples on their wedding day and give you a sneaky glance at what we were able to provide to help make their dreams come alive on their special day.

This month we have to say a massive congratulations to Erin & Jake who were lucky enough to tie the knot at De Vere Latimer Estate.

Maples Flowers is the reccommended florist for De Vere Latimer Estate and we are part of many beautiful weddings at this stunning location.
