MARCH 2022

## MOTHER'S DAY SUNDAY 27th MARCH

FEATURED WEDDING - HIRED ITEMS - MOTHER'S DAY - SPRING IDEAS

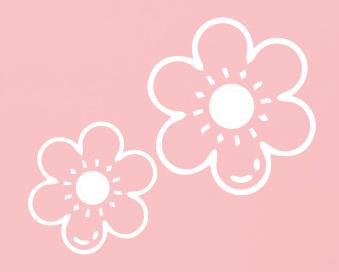

After a very successful Valentine's Day I would like to thank all of our customers for their continued support. It really does mean a-lot to a small independent business in this current climate where everyone is feeling the pinch financially.

As we head into March with some uncertain times I hope the team at Maples Flowers can bring a little bit of joy with our award winning flowers. This month the team and I have created a bright and cheerful Mother's Day collection which we hope you will enjoy. Be sure to pre-order nice and early as we often sell out.

Our diary is extemely busy with wedding consultations which is great, however it does put a strain on finding the time to book any extra appointments. Don't forget if you are planning your wedding then make sure we have plenty of time to help plan your big day. 2022 is looking to be a record breaking year with weddings and we look forward to creating some amazing dreams

Shane Maple **Business Owner**

### ADD SOME PAMPAS

Cortaderia selloana is the official name for the very popular Pampas Grass and is native to southern South America, however it grows incredibly well in the UK and can often be found in many gardens.

It grows very easily and which makes it a sustainable natural product for us to cut and use in our flower arrangements.

Over the last few years it has become a very fashionable addition to flower arrangements and creates a big bold statement.

### "Contaderia Selloana"

Adding Pampas Grass to arrangements will extend the height to an arrangement and create a boho-chic feel which is very popular with modern day events.

We love to mix dried flowers including Pampas grass with fresh flowers, to give a great contrast between the two types.

Not only is Pampas Grass available in it's natural colour there are now many other colours available. Our suppliers of Pampas Grass use a natural colour dye to create some stunning colours which really add to the impact of the long stems.

Different coloured Pampas Grasses are ideal if you are trying to create a colourful, carnival feel to an event and are trying to move away from a more natural tone in arrangements.

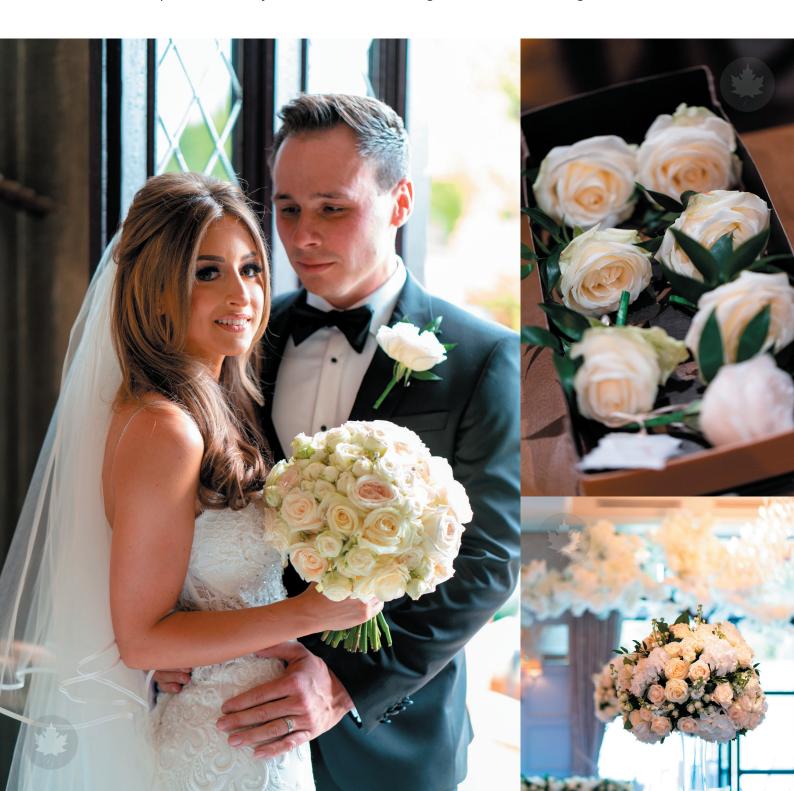

#### FEATURED WEDDING

Every month we like to showcase one of our happy couples on their wedding day and give you a sneaky glance at what we were able to provide to help make their dreams come alive on their special day.

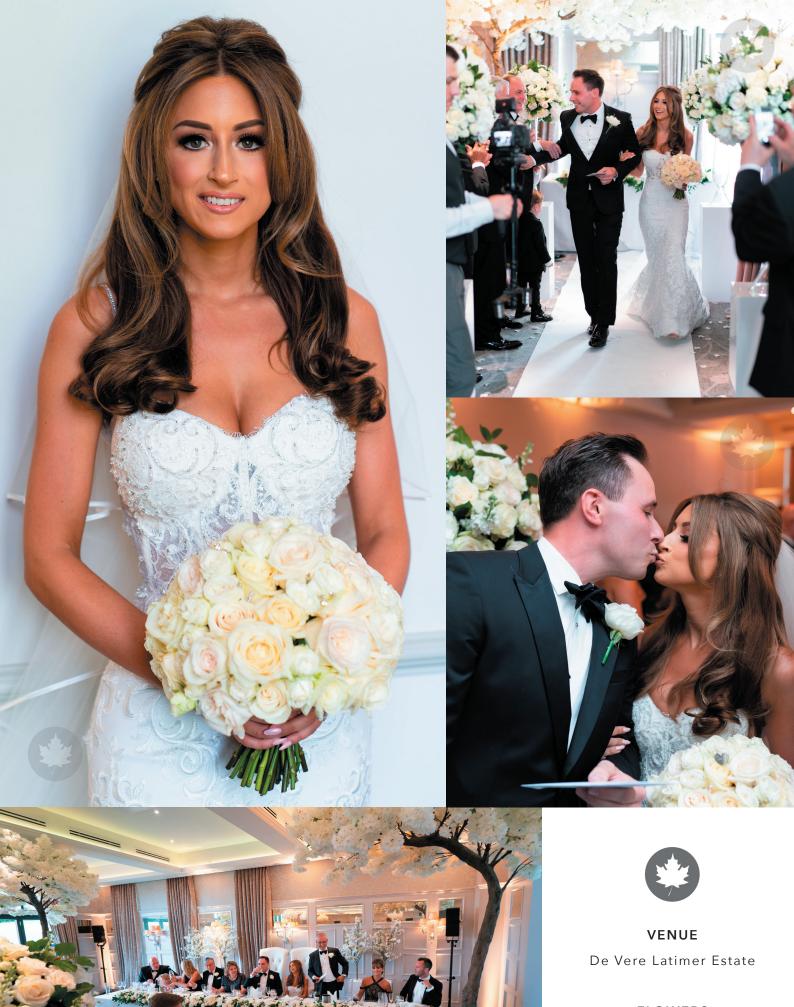

This month we have to say a massive congratulations to Lucy & Alex who were lucky enough to tie the knot at De Vere Latimer Estate.

Maples Flowers is the reccommended florist for De Vere Latimer Estate and we are part of many beautiful weddings at this stunning location.
