# FEATURED WEDDING

---

This month we feature a fairy-tale wedding in a Neo-Palladian mansion set within several hundred acres of parkland to the south-east of Rickmansworth in Hertfordshire. This is the stunning Moor Park.

This couple put their trust in Maples Flowers to make thier dreams become reality with a wedding on a grand scale.

There were hundreds of stems of flowers which were used to create some stunning floral arrangements in a beautiful mansion.

# FLOWER OF THE MONTH

## Sweet Pea

The colorful and fragrant sweet pea is a favorite in cottage gardens and other informal garden styles. It is most often seen trained up trellises or fences, but can also be planted in containers where it spills over the sides. For many of us, fast-growing sweet peas are an instant nostalgic reminder of the beautiful, rambunctious gardens maintained by our grandparents.

# THE BLUEBELL WOODS

Ashridge is one of the best places in the country to see bluebells, with many people returning each year to enjoy the dense carpet of flowers each spring. It is on our doorstep and we love to go every year and enjoy the beauty of the Bluebells and the peace of nature at the stunning National Trust Dockey Wood near Ivinghoe
